REDUCE YOUR ROBOTIC PROCESS AUTOMATION SKILLS GAP WITH UNDERREPRESENTED TALENT

WOS WORKFORCE OPPORTUNITY SERVICES

Problem

It's hard to find certified RPA talent... and it's even more difficult to find diversity.

WOS is the only organization in the U.S. that combines all aspects of the new employee lifecycle into one comprehensive end-to-end workforce development solution. By combining the program creation, design and development, recruitment/selection, academic training, full-time WOS employment, a research- backed predictive analytic instrument and eventual transition to a full-time employee at the partner company, WOS has created a systemic solution to assimilate historically underrepresented individuals into the corporate space.

→

Did you know...

In 2019, Black and Latinx employees represented just **3%** to **5%** of employees at the **23** highest-grossing tech companies

WOS offers a cost effective solution that speaks to your diversity needs and goals

WOS' high touch comprehensive framework is designed to mitigate the risk to their partners and to ensure program participant success. This allows the necessary training, individual mentorship, corporate assimilation and overall time needed for a successful long-lasting transition to a full- time employee at WOS partner companies. And when that time comes, there is **NO COST** to convert!

FACT:

The average industry cost for one year of an early career certified RPA Developer, including salary, benefits, hiring, training, and certifications, is over **120K**

The WOS framework provides high potential, trained diversity candidates and/or military veterans for thousands less

WOS

Participants will gain actionable knowledge to help them develop as individuals, students, and professionals. Throughout the certificate program, they will explore personal management skills needed for the workplace, including how participants' experience and knowledge can translate into success at work.

UiPath

UiPath has a vision to deliver a Robot for Every Person, one where companies enable every employee to use, create, and benefit from the transformative power of automation to liberate the boundless potential of people. Only UiPath offers an end–to end platform for hyperautomation, combining the leading Robotic Process Automation (RPA) solution with a full suite of capabilities that enable every organization to scale digital business operations at unprecedented speed.
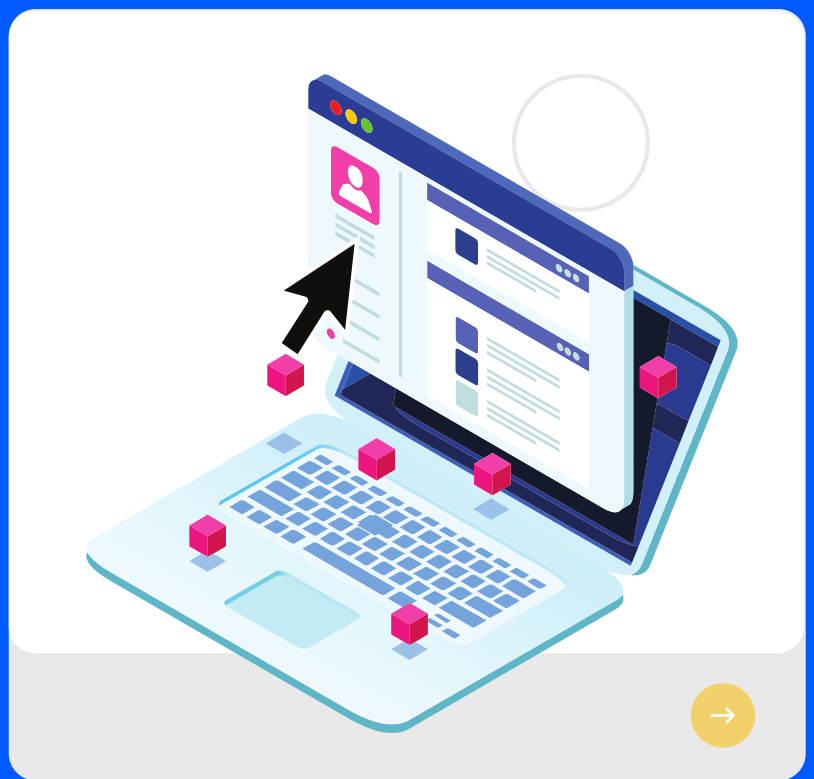

Ui Academy

A WOS UiPath Certified Professional has two certification levels to assess proficiency across RPA roles. UiPath RPA Associate is a foundational certification level for building simple automation solutions. The UiPath advanced RPA Developer is a second certification level for more technical roles and provides the ability to build complex and efficient RPA solutions in enterprise environments.
