About WOS

Workforce Opportunity Services (WOS) is a 501(c)(3) that recruits underserved adults and veterans for careers through various skill-based education and mentoring programs.

Unlike traditional hiring and placement programs, WOS provides a largely risk-free situation for our corporate partners.

Based upon your needs, we recruit talent and provide them with the mentorship, training and resources they need in order to be successful in the workplace. Hiring managers can experience our talent on-site and hire them full time based on availability and need.

This flexibility allows your corporation to meet hiring directives while establishing effective strategies that promote workplace diversity.

Skilled trade and manufacturing

WOS has partnered with over 50 corporations across the U.S. that represent a wide range of industries and talent needs, including skilled trade and manufacturing positions.

For these types of positions, we develop and manage a tailored program where candidates are trained according to your specific workforce needs and goals. While candidates are in our program, we provide them with a dedicated Client Service Manager to ensure their progress is on track.

Ultimately, we enable our program candidates to assimilate into your workplace with the knowledge and skill sets they need to be effective.

Corporate Partner Benefits

- Improved retention rates
- Dedicated support for management
- Competitive billing rates
- Flexible employment arrangements

Training

Prior to working full time at your corporation, program candidates go through job readiness training with our qualified instructors. Our training is tailored to the specific needs of your corporation and our instructors provide candidates with both hard and soft skills development.

Select Hard Skills Development

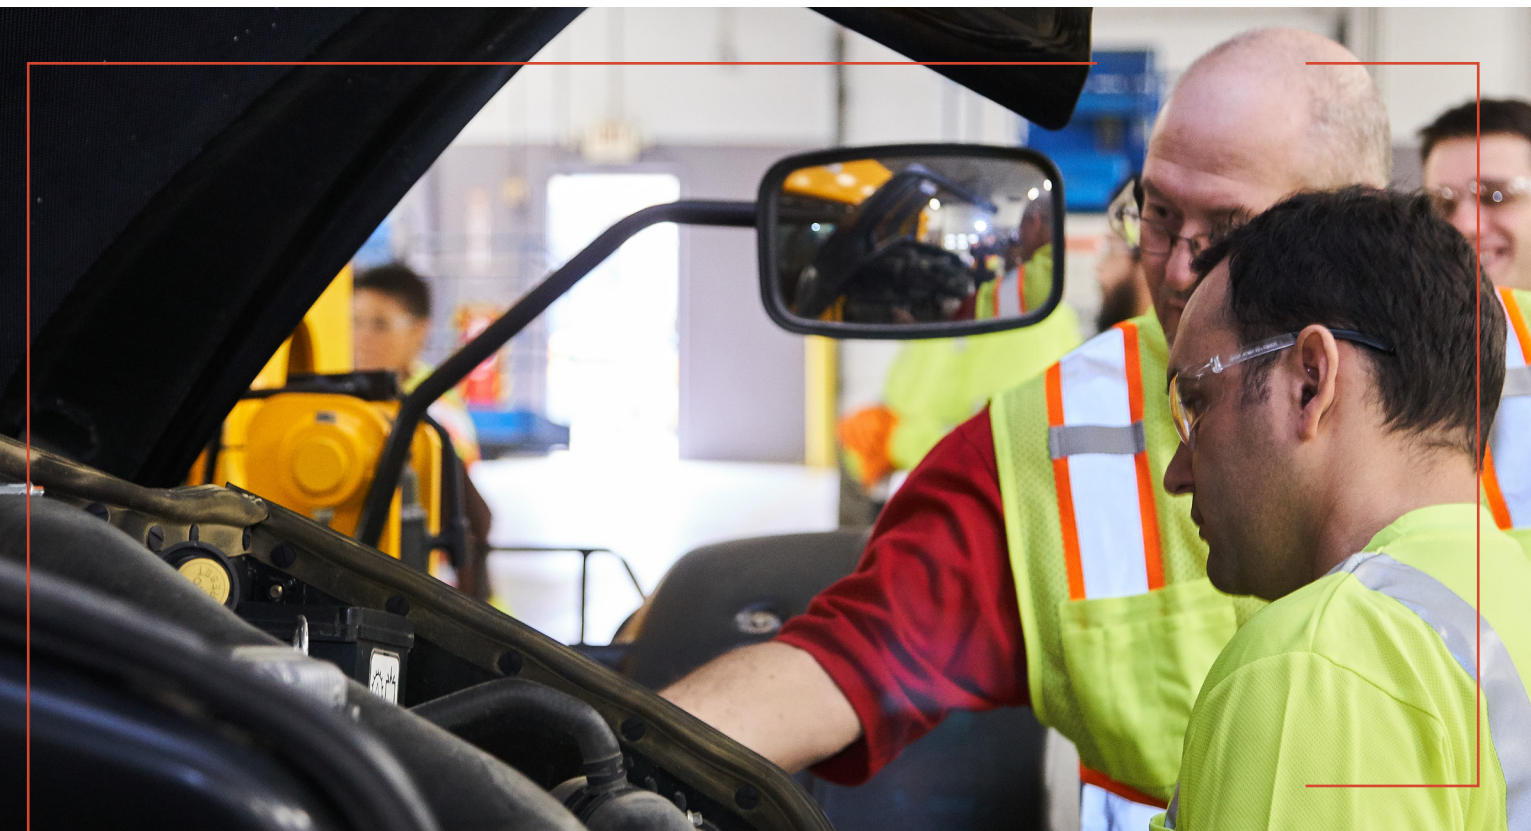

- Engines
- Electronics
- Hydraulics
- Equipment

Select Soft Skills Development

- Customer Service
- Effective Communication
- Business Ethics and Etiquette
- Leadership and Teamwork

"In my experience, there aren't many organizations that specialize in how to transition veterans effectively from the military environment into the corporate environment. WOS offers companies like us the full package of recruiting and applying a transition program while really being flexible with our needs to get talent into our company."

- Craig Pintoff, Senior Vice President, Human Resources and General Counsel, United Rentals

Mentorship and support

In order to effectively manage the program, our Client Service Managers provide on-site support for our candidates to ensure they are successful in their roles.

Client Services Managers provide candidates with the guidance, tools, and resources they need to excel. Our ratio of Client Service Managers to consultants is always low in order to ensure each candidate receives the individualized attention he or she needs to thrive.

We create a nurturing and supportive environment for candidates that can make all the difference when it comes to their long-term success and impact at your corporation.

Are you in need of skilled trade professionals? Get high-quality talent with WOS.
