

In The Community

WOS collaborates with organizations to offer workshops and classes for individuals from underserved populations. Our workshops equip them with the skills they need to expand their interpersonal skills and launch or change their careers, covering everything from business writing to interviewing skills.

We are constantly developing new workshops to meet the unique needs of the individuals we serve, placing an emphasis on developing the skills needed to succeed in today's workplace.

Our workshops include:

- Business Writing Essentials
- Professionalism in the Workplace
- Your Story in 60 Seconds
- Setting Goals and Time Management
- Effective Communication
- Social Media Etiquette
- Developing a LinkedIn Profile
- Interviewing Skills
- Researching Potential Employers

In New York City, WOS has partnered with the Brooklyn and Manhattan Educational Opportunity Centers, City College of New York, Guttman Community College, and more. In 2017, we expanded our reach to Detroit, MI to include partnerships with Central Detroit Christian, Mercy Education Project, and College Prep International. More than 2,000 participants have attended our workshops.
